SUBPART A: GENERAL

Section 226.10 Purpose

This Part establishes the requirements for the treatment of children and the provision of special education and related services pursuant to the Individuals with Disabilities Education Improvement Act (also referred to as “IDEA”) (20 USC 1400 et seq.), its implementing regulations (34 CFR 300, as amended by 71 Fed. Reg. 46540 (August 14, 2006, no later amendments or editions included)), and Article 14 of the School Code [105 ILCS 5/Art.14]. This Part also distinguishes between requirements derived from federal authority and those imposed additionally pursuant to Article 14 of the School Code or the authority of the State Board of Education. The requirements of IDEA, its implementing regulations, and this Part shall apply in every instance when a child is or may be eligible for special education and related services.

Section 226.50 Requirements for a Free Appropriate Public Education (FAPE)

A “free appropriate public education (“FAPE”)” as defined at 34 CFR 300.17, must be made available by school districts to children with disabilities in accordance with 34 CFR 300.101 through 300.103, unless otherwise specified in this Section.

a) **Transfer Students**

Provision of FAPE to students who transfer into a local school district shall be made in accordance with the requirements of 20 USC 1414(d)(2)(C). The additional requirements of this subsection (a) shall also apply.

- 1) In the case of an eligible student transferring into a district from another district within Illinois, when the new district obtains a copy of the student’s IEP before or at the time the child is presented for enrollment:
 - A) The district may adopt the IEP of the former local school district without an IEP meeting if:
 - i) the parents indicate, either orally or in writing, satisfaction with the current IEP; and
 - ii) the new district determines that the current IEP is appropriate and can be implemented as written.
 - B) If the district does not adopt the former IEP and seeks to develop a new IEP for the child, within ten days after the date of the child’s enrollment the district must provide written notice to the parent, including the proposed date of the IEP meeting, in conformance with Section 226.530 of this Part. While the new IEP is under development, the district shall implement services comparable to those described in the IEP from the former district.
- 2) If the new school district does not receive a copy of the child’s current IEP or a verbal or written confirmation of the requirements of that IEP from the previous school district when the child is presented for enrollment, the child shall be enrolled and served in the setting that the receiving district believes will meet the child’s needs until a copy of the current IEP is obtained or a new IEP is developed by the school district.

- A) In no case shall a child be allowed to remain without services during this interim.
- B) The new district shall request the student's records from the sending district or school by the end of the next business day after the date of enrollment.
- C) No later than ten days after expiration of the time allotted under Section 2-3.13a of the School Code [105 ILCS 5/2-3.13a] for the sending district or school to forward the child's records, the new district shall provide written notice to the parent of an IEP meeting for the purpose of developing a new IEP, unless the sending district's or school's IEP arrives before this time elapses, the student has transferred from a district within Illinois, and the new district adopts the previously held IEP.

b) Jurisdictional Disputes

Each school district is responsible for ensuring that no eligible child for whom services are sought is denied FAPE due to jurisdictional disputes among Illinois agencies. Provision of FAPE to such a student shall not preclude a district from seeking repayment for costs incurred from any other school district or entity that is determined responsible for such costs.

c) Eligibility; Graduation or Completion of Program

- 1) An eligible student who requires continued public school educational experience to facilitate his or her integration into society shall be eligible for such services through age 21, inclusive (i.e., through the day before the student's 22nd birthday) (see 34 CFR 300.101(a)).
- 2) The provision of FAPE is not required with respect to a student with a disability who has graduated with a regular high school diploma.
- 3) A student with a disability who has fulfilled the minimum State graduation requirements set forth in Section 27-22 of the School Code [105 ILCS 5/27-22] shall be eligible for a regular high school diploma.
 - A) If the student's individualized education program prescribes special education, transition planning, transition services, or related services beyond that point, issuance of that diploma shall be

deferred so that the student will continue to be eligible for those services.

B) If the student is to receive a regular high school diploma, at least one year prior to the anticipated date of its issuance, both the parent and the student shall receive written notification in conformance with the requirements of 34 CFR 300.503 that eligibility for public school special education services ends following the granting of a diploma and that the parent (or the student, if Section 226.690 of this Part applies) may request an IEP meeting to review the recommendation that the student receive a regular diploma.

4) Students who have participated in a graduation ceremony but have not been awarded regular high school diplomas continue to be eligible to receive FAPE through age 21, inclusive.

d) Exception for Certain Students Incarcerated as Adults

Pursuant to 34 CFR 300.102(a)(2), the right to receive FAPE does not extend to students from 18 through 21 years of age who are incarcerated and who were not identified as eligible and did not have IEPs in their educational placements immediately prior to incarceration.

Section 226.60 Charter Schools

For purposes of IDEA and this Part, charter schools established pursuant to Article 27A of the School Code [105 ILCS 5/Art.27A] shall be treated either as schools within school districts or as local educational agencies in their own right.

- a) When a school's charter is issued by a local board of education pursuant to Section 27A-8 of the School Code [105 ILCS 5/27A-8], that charter school shall be considered as a school within the district over which that board of education exercises jurisdiction.
- b) When a school's charter is issued by the State Board of Education pursuant to Section 27A-9(f) of the School Code [105 ILCS 5/27A-9(f)], that charter school shall be considered as a local educational agency.

SUBPART B: IDENTIFICATION OF ELIGIBLE CHILDREN

Section 226.100 Child Find Responsibility

This Section implements the requirements of 34 CFR 300.111.

- a) Each school district shall be responsible for actively seeking out and identifying all children from birth through age 21 within the district (and those parentally-placed private school children for whom the district is responsible under 34 CFR 300.131) who may be eligible for special education and related services. Procedures developed to fulfill the child find responsibility shall include:
 - 1) An annual screening of children under the age of five for the purpose of identifying those who may need early intervention or special education and related services.
 - 2) Ongoing review of each child's performance and progress by teachers and other professional personnel, in order to refer those children who exhibit problems which interfere with their educational progress and/or their adjustment to the educational setting, suggesting that they may be eligible for special education and related services.
 - 3) Ongoing coordination with early intervention programs to identify children from birth through two years of age who have or are suspected of having disabilities, in order to ensure provision of services in accordance with applicable timelines. Each local school district shall participate in transition planning conferences arranged by the designated lead agency under 20 USC 1437(a)(9) in order to develop a transition plan enabling the public school to implement an IFSP or IEP no later than the third birthday of each eligible child.
- b) When the responsible school district staff members conclude that an individual evaluation of a particular child is warranted based on factors such as a child's educational progress, interaction with others, or other functioning in the school environment, the requirements for evaluation set forth in this Subpart B shall apply.

(Source: Amended at 31 Ill. Reg. 9915, effective June 28, 2007)

Section 226.110 Evaluation Procedures

Procedures for requesting and conducting initial evaluations of children who are suspected of requiring special education and related services shall conform to the requirements of 34 CFR 300.301, 300.304, 300.305, and 300.306. For purposes of this Section, the “date of referral” discussed in Section 14-8.02 of the School Code shall be understood to be the date of written parental consent for an evaluation, and screening procedures done in accordance with 34 CFR 300.302 shall not be considered an evaluation. Consent for the initial evaluation shall be obtained in conformance with the requirements of 34 CFR 300.300. In addition, the following requirements shall apply.

a) Procedures for Requesting an Initial Evaluation

Each school district shall develop and make known to all concerned persons procedures by which an evaluation may be requested. These procedures shall:

- 1) Designate the steps to be taken in making a request for an evaluation;
- 2) Designate the persons to whom a request may be made;
- 3) Identify the information that must be provided;
- 4) Provide any assistance that may be necessary to enable persons making requests to meet any related requirements established by the district; and
- 5) Identify the process for providing the parents with notice of their rights with respect to procedural safeguards.

b) A request may be made by a parent of a child or by an employee of a State educational agency, another State agency, a local educational agency, or a community service agency.

c) District’s Response to Request

- 1) The school district shall be responsible for processing the request, deciding what action should be taken, and initiating the necessary procedures.
- 2) To determine whether the child requires an evaluation, the district may utilize screening data and conduct preliminary procedures such as observation of the child, assessment for instructional purposes,

consultation with the teacher or other individual making the request, and a conference with the child.

- 3) Within 14 school days after receiving a request for an evaluation, the district shall determine whether an evaluation is warranted. If the district determines not to conduct an evaluation, it shall provide written notice to the parents in accordance with 34 CFR 300.503(b). If an evaluation is to be conducted:
 - A) The district shall convene a team of individuals (including the parent) having the knowledge and skills necessary to administer and interpret evaluation data. The composition of the team will vary depending upon the nature of the child's symptoms and other relevant factors.
 - B) The team shall identify the assessments necessary to complete the evaluation in accordance with 34 CFR 300.305 and shall prepare a written notification for the parents as required under 34 CFR 300.304(a). For each domain, the notification shall either describe the needed assessments or explain why none are needed.
 - C) The district shall ensure that the notification of the team's conclusions is transmitted to the parents within the 14-school-day timeline applicable under this subsection (c)(3), along with the district's request for the parents' consent to conduct the needed assessments.
- d) Upon completion of the assessments identified pursuant to subsection (c)(3) of this Section, but no later than 60 school days following the date of written consent from the parent to perform the needed assessments, the determination of eligibility shall be made and the IEP meeting shall be completed.
- e) At the conclusion of the meeting convened pursuant to subsection (d) of this Section, the team shall prepare a report describing its consideration of pre-existing information about the child, all new evaluation reports obtained, and any other information relevant to the decision about the child's eligibility. This description shall relate the information considered to the child's needs and shall further conform to the requirements of Section 226.130 of this Part if applicable. The IEP Team's report shall also include:
 - 1) the date of the meeting;

- 2) the signatures of the participants, indicating their presence at the meeting; and
 - 3) any separate written statement provided by a participant who wishes to be on record as disagreeing with the conclusions expressed in the team's report.
- f) The school district shall provide a copy of the IEP Team's report to the parent at the conclusion of the team's meeting. In addition, the district shall provide to the parent, within ten school days after the meeting, written notice conforming to the requirements of Section 226.520 of this Part as to the eligibility determination reached with respect to the child. The parent shall also be entitled to receive copies of any evaluation reports upon request.
 - g) A copy of the IEP Team's report, together with all documentation upon which it is based, shall become a part of the child's temporary student record.
 - h) If an assessment is conducted under nonstandard conditions, a description of the extent to which the assessment varied from standard conditions shall be included in the evaluation report. This information is needed so that the team of evaluators can assess the effects of these variances on the validity and reliability of the information reported and determine whether additional assessments are needed. For example, the use of a translator when a qualified bilingual specialist is not available may create nonstandard conditions.
 - i) If any needed portion of the evaluation cannot be completed due to lack of parental involvement, religious convictions of the family, or inability of the child to participate in an evaluative procedure, the district shall note the missing portions in the child's evaluation report and state the reasons why those portions could not be completed.
 - j) In the event that the student is determined to be eligible for special education and related services pursuant to the procedures described in subsections (d) and (e) of this Section, the IEP meeting shall be conducted within 30 days after the date of that determination.
 - k) If a district fails to conduct the evaluation, the parent of the child in question (or the student, if Section 226.690 of this Part applies) may appeal this failure in an impartial due process hearing.

Section 226.120 Reevaluations

Procedures for the completion of reevaluations of children for whom special education and related services are currently being provided shall conform to the requirements of 34 CFR 300.303, 300.304, 300.305 and 300.306, as well as the relevant provisions of Section 226.110 of this Part.

Section 226.130 Additional Procedures for Students Suspected of or Having a Specific Learning Disability

- a) In addition to the requirements set forth in Sections 226.110 and 226.120 of this Part, the district shall adhere to the procedures set forth at 34 CFR 300.307, 300.308, 300.309, 300.310, and 300.311 when evaluating a student who is suspected of, or who has previously been identified as having, a specific learning disability as described in 34 CFR 300.8.
- b) Provided that the requirements of this subsection (b) are met, each district shall, no later than the beginning of the 2010-11 school year, implement the use of a process that determines how the child responds to scientific, research-based interventions as part of the evaluation procedure described in 34 CFR 300.304. When a district implements the use of a process of this type, the district shall not use any child's participation in the process as the basis for denying a parent's request for an evaluation.
 - 1) No later than January 1, 2008, the State Superintendent of Education shall, in consultation with the statewide teacher organizations, statewide school management organizations, and State Advisory Council on Education of Students with Disabilities, prepare and disseminate a plan outlining the nature and scope of the professional development that is necessary to permit implementation of a process of this type and describing any additional activities or resources that the Superintendent finds to be essential.
 - 2) The plan shall quantify the estimated cost of the professional development and other necessary resources and shall identify sources of funding that are or may become available to the State Superintendent for these purposes.
 - 3) The plan shall include:
 - A) a method of identifying school districts that are less able than others to implement a process of the required type without technical or financial assistance from the State;
 - B) a timeframe for the provision of training, other technical assistance and materials, or financial resources for related purposes that demonstrates the State Superintendent's best efforts to secure and provide relevant support to districts; and

- C) a method of allocating resources that affords first consideration to districts that may otherwise be unable to implement a process of the required type without diverting necessary support from other aspects of the educational program.
- c) No later than January 1, 2009, each district shall develop a plan for the transition to the use of a process that determines how the child responds to scientific, research-based interventions as part of the evaluation procedure described in 34 CFR 300.304. Each district's plan shall identify the resources the district will devote to this purpose and include an outline of the types of State-level assistance the district expects to need, with particular reference to the professional development necessary for its affected staff members to implement this process. The transition plan developed pursuant to this subsection (c) may be incorporated into a district's district improvement plan (see 23 Ill. Adm. Code 1.85(b)) if one exists.
- d) In addition to using an identification process of the type required by subsection (b) of this Section, a district may use a severe discrepancy between intellectual ability and achievement for determining whether a child has a specific learning disability.

Section 226.135 Additional Procedures for Students Suspected of or Having a Cognitive Disability

In addition to the requirements set forth in Sections 226.110 and 226.120 of this Part, the district shall ensure that a psychological evaluation has been conducted and a recommendation for eligibility made by a school psychologist for any child who is suspected of or determined to have a cognitive disability.

(Source: Amended at 31 Ill. Reg. 9915, effective June 28, 2007)

Section 226.140 Modes of Communication and Cultural Identification

Before a child is given an evaluation, the local school district shall ensure compliance with the requirements of Section 14-8.02 of the School Code by determining the primary language of the child's home, general cultural identification, and mode of communication.

- a) Determination of the child's language use pattern and general cultural identification shall be made by determining the languages spoken in the child's home and the languages used most comfortably and frequently by the child.
- b) If the child has a non-English-speaking background, a determination shall be made of his or her proficiency in English. This determination shall be conducted in accordance with the provisions of 23 Ill. Adm. Code 228 (Bilingual Education), which specifies the assessment procedures and eligibility criteria for bilingual education programs (see 23 Ill. Adm. Code 228.15).
- c) Determination of the child's mode of communication shall be made by assessing the extent to which the child uses verbal expressive language and the use he or she makes of other modes of communication (e.g., gestures, signing, unstructured sounds) as a substitute for verbal expressive language.

This qualified specialist shall be assisted by a certificated school district employee or other individual who has demonstrated competencies in the language of the child.
- c) If documented efforts to locate and secure the services of a qualified bilingual specialist or a qualified specialist assisted by another individual as provided in subsection (b) of this Section are unsuccessful, the district shall conduct assessment procedures which do not depend upon language. Code 228 (Transitional Bilingual Education; see Section 228.15).
- d) Tests given to a child whose primary language is other than English shall be relevant, to the maximum extent possible, to his or her culture.

 - 1) Visual communication techniques in addition to auditory techniques.
 - 2) An interpreter to assist the evaluative personnel with language and testing.

SUBPART D: PLACEMENT

Section 226.300 Continuum of Placement Options

Each local school district shall, in conformance with the requirements of 34 CFR 300.39 and 300.115, ensure that a continuum of placements is available to meet the needs of children with disabilities for special education and related services. With respect to the home instruction and instruction in hospitals and institutions referenced in 34 CFR 300.39 and 300.115:

- a) The child receives services at home or in a hospital or other setting because he or she is unable to attend school elsewhere due to a medical condition.
- b) When an eligible student has a medical condition that will cause an absence for two or more consecutive weeks of school or ongoing intermittent absences, the IEP Team for that child shall consider the need for home or hospital services. Such consideration shall be based upon a written statement from a physician licensed to practice medicine in all its branches which specifies:
 - 1) the child's medical condition;
 - 2) the impact on the child's ability to participate in education (the child's physical and mental level of tolerance for receiving educational services); and
 - 3) the anticipated duration or nature of the child's absence from school.
- c) If an IEP Team determines that home or hospital services are medically necessary, the team shall develop or revise the child's IEP accordingly.
- d) The amount of instructional or related service time provided through the home or hospital program shall be determined in relation to the child's educational needs and physical and mental health needs. The amount of instructional time shall not be less than five hours per week unless the physician has certified in writing that the child should not receive as many as five hours of instruction in a school week.
- e) A child whose home or hospital instruction is being provided via telephone or other technological device shall receive not less than two hours per week of direct instructional services.
- f) Instructional time shall be scheduled only on days when school is regularly in session, unless otherwise agreed to by all parties.

- g) Home or hospital instructors shall meet the requirements of 23 Ill. Adm. Code 1.610 (Personnel Required to be Qualified).
- h) Services required by the IEP shall be implemented as soon as possible after the district receives the physician's statement.

(Source: Amended at 31 Ill. Reg. 9915, effective June 28, 2007)

Section 226.320 Service to Students Living in Residential Care Facilities

Children with disabilities may be placed into public or nonpublic residential facilities for reasons other than education by various public entities such as the Department of Corrections, the Department of Children and Family Services, or the juvenile courts. Except as provided in Section 14-8.01 of the School Code, the school district within whose boundaries such a facility is located is responsible for ensuring special education and related services in the least restrictive environment to those students who are eligible pursuant to this Part. "Residential facilities" refers to any of the following.

- a) "Children's Home" or "Orphanage": any licensed residential institution, other than those directly operated by the State of Illinois, which cares for disabled, neglected, delinquent, and/or dependent children.
- b) "Foster Family Home": an individual residential unit which cares for one or more disabled, neglected, delinquent, or dependent children who are not members of the primary family. Such a home accepts foster children for care under specific and written authority of a municipal, county, or State agency authorized to make such placement.
- c) "State Residential Units": residential housing units which are directly operated by the State of Illinois, on property owned by the State, and primarily funded by an agency of the State.

Section 226.330 Placement by School District in State-Operated or Nonpublic Special Education Facilities

When an IEP Team determines that no less restrictive setting on the continuum of alternative placements will meet a child's needs, the child may be placed in a State-operated or nonpublic special education facility. In such a case, use of a State-operated program should be given first consideration. However, the district shall refer the child to the agency or facility which is most appropriate to the individual situation. This determination shall be based upon recent diagnostic assessments and other pertinent evidence and made in light of such other factors as proximity to the child's home. Evidence of a condition that presents a danger to the physical well-being of the student or to other students may be taken into consideration in identifying the appropriate placement for a particular child.

- a) When it appears that a child will require a placement pursuant to this Section, the IEP Team shall invite representatives of potential service providers to assist in identifying or verifying the appropriate placement for that child. If one or more needed representatives cannot attend, the district shall use other methods to ensure their participation.
- b) The local school district is responsible for ensuring implementation of the child's IEP and convening any needed IEP meetings, including the annual review. If the district allows a State-operated or nonpublic school to initiate and conduct the IEP meeting, the district must ensure that the parent and a representative of the district are invited to participate in any decision about the child's IEP and agree to any proposed changes in the program before the changes are implemented. The district remains responsible for the development and implementation of the child's IEP and for compliance with the requirements of this Part.
- c) No school district shall place any child in a nonpublic special education program, nor shall any such program accept placement of any child with a disability under Section 14-7.02 of the School Code [105 ILCS 5/14-7.02], unless all the following conditions have been met.
 - 1) The program has been approved by the State Board of Education pursuant to the criteria set forth in 23 Ill. Adm. Code 401 (Special Education Facilities Under Section 14-7.02 of the School Code) for the school year for which placement is sought.
 - 2) The allowable costs for the program have been established pursuant to Section 14-7.02 of the School Code.

- 3) The district has made the certification of inability to meet the student's needs to the State Superintendent of Education, if required pursuant to Section 14-7.02 of the School Code, and the State Superintendent has found the district in substantial compliance with Section 14-4.01 of the School Code [105 ILCS 5/14-4.01].
 - 4) The program has been approved by the State Board of Education for all of the disability categories applicable to the student and requiring services pursuant to the IEP.
 - 5) The program has been approved by the State Board of Education for the age range that includes the age of the student.
 - 6) The district has determined that all educational programming and related services specified on the child's IEP will be provided to the student. The use of a facility or program pursuant to 23 Ill. Adm. Code 401 does not relieve the local school district of the responsibility for ensuring that the student will receive all programming and related services required by the IEP, whether from one source or from multiple sources.
 - 7) The school district and the facility have entered into the contractual agreement required by subsection (d) of this Section.
 - 8) The child will receive an education that meets the standards applicable to education provided by the school district.
- d) If a nonpublic school placement is chosen, the district and the facility shall enter into an agreement utilizing a format provided by the State Board of Education. The agreement shall provide for, but need not be limited to:
- 1) The child's IEP, as developed by the local school district;
 - 2) The amount of tuition that will be charged;
 - 3) Assurance that the special education staff of the placing school district may inspect the private facility and confer with the staff at reasonable times; and
 - 4) Assurances that the placement will result in no cost to parents.

- e) When a nonpublic facility is used, the school district shall be responsible for the payment of tuition and the provision of transportation as provided by Section 14-7.02 of the School Code. (See also Section 226.750(b) of this Part.)
- f) Each local school district shall be responsible for monitoring the performance of each State-operated or nonpublic facility where it has placed one or more eligible students, to ensure that the implementation of each IEP conforms to the applicable requirements of this Part.

Section 226.340 Nonpublic Placements by Parents Where FAPE is at Issue

This Section shall apply to students with disabilities who have been, or are to be, placed in a non-public facility by their parents following the parents' refusal to accept an offer of FAPE by a school district. For such students, the reimbursement obligations and other requirements set forth at 34 CFR 300.148 shall be applicable. If a determination is made by a hearing officer or court of law that the school district is not obligated to provide special education or reimbursement to such a student, the school district shall treat the student as a student defined by Section 226.350 of this Part.

Section 226.350 Service to Parentally-Placed Private School Students

“Parentally-Placed Private School Students” shall be defined as set forth in 34 CFR 300.130. As noted in Section 226.100 of this Part, school districts shall conduct child find for parentally-placed private school students in conformance with the requirements of 34 CFR 300.131. Each school district shall also conform to the requirements of 34 CFR 300.132 through 300.144. In fulfilling the requirements of 34 CFR 300.134 (Consultation) and 300.135 (Affirmation), school districts that are members of the same special education joint agreement are permitted to conduct jointly their consultation with private school and parent representatives. However, even when multiple districts’ funds are pooled by a joint agreement, the amounts that are required to be used for services to parentally-placed private school students must be spent in accordance with each member district’s “proportionate share” obligation. School districts that are members of the same special education joint agreement shall be prohibited from aggregating proportionate share funds when determining services for parentally-placed private school students.

Section 226.360 Placement by School Districts in Remote Educational Programs

A school district that places a student into a remote educational program authorized under Section 10-29 of the School Code [105 ILCS 5/10-29] shall ensure that the educational programming and related services as specified in the child's IEP are provided to the student. The placement of the student in a remote educational program does not relieve the school district of the responsibility for ensuring that the student will receive all programming and related services required by the IEP, whether from one source or from multiple sources. Each local school district shall be responsible for monitoring the performance of the remote educational program to ensure that the implementation of each IEP conforms to the applicable requirements of this Part.

In addition, upon the occurrence of any act that may subject the student either to expulsion from school or suspension resulting in more than ten cumulative days of suspension during any one school year, the district shall be required to convene a meeting of the IEP Team to review the student's behavioral intervention plan or, if a behavioral intervention plan has not yet been developed, to develop one.

If the revocation of consent is communicated orally, the district or cooperative entity shall commit the parent's request to writing and provide a copy of this written summary to the parent within five days.
- b) Any revocation of consent is effective immediately, i.e., it does not negate an action that occurred after the consent was given and before it was revoked. For purposes of this subsection (b), a district shall be considered to have given immediate effect to a parent's revocation of consent when it either discontinues the action that is the subject of the revocation prior to its next scheduled occurrence or provides to the parent a written explanation of the timeline for the district's action and the reasons for that timeline. The district or cooperative entity shall ensure that each staff member whose activities are affected by the revocation of consent is promptly informed of the revocation.

Section 226.770 Fiscal Provisions

- a) Requirements Related to the Provision of FAPE
 - 1) A school district is responsible for developing students' IEPs and remains responsible for ensuring that children receive all the services described in their IEPs in a timely fashion, regardless of whether another agency will ultimately pay for the services.
 - 2) A school district may look to non-educational entities such as insurance companies and the Medicaid program to pay for services for which such entities are otherwise responsible. The district must have written consent from parents in order to use their private insurance.
 - 3) Services required by an IEP must be provided at no cost to the child's parents, whether they have public or private insurance. Parents shall be notified that the use of their private insurance proceeds to pay for services is voluntary. In the case of a child who is dually insured (through private insurance and Medicaid), a family shall not be required to draw upon private insurance whose use is a prerequisite to billing Medicaid if that use of insurance will result in financial costs to the family.
 - 4) "Financial costs to the family" include:
 - A) Out-of-pocket expenses incurred in filing a claim, such as the payment of a deductible or required co-payment, but not including incidental costs such as the time needed to file an insurance claim or the postage needed to mail the claim;

 - E) A risk in terms of loss of eligibility for home- and community-based waivers, based on aggregate health-related expenditures.
- b) The federal regulations implementing the Individuals with Disabilities Education Act (see 34 CFR 300) establish detailed requirements for the use of federal funds

in connection with service to students who are eligible under this Part. School districts and cooperative entities are required to comply with those federal requirements.

- c) School districts and cooperative entities shall use federal matching funds received under Medicaid or the KidCare program only to supplement special education programs and services.

- d) Computation of Reimbursement Under Section 14-7.03 of the School Code

The amount of reimbursement for which a district shall be eligible under Section 14-7.03 of the School Code shall be computed by determining the actual cost of maintaining the program in accordance with the State Board's rules for Determining Special Education Per Capita Tuition Charge (23 Ill. Adm. Code 130), as further specified in this subsection (d).

- 1) The district's cost for administration and supervision shall be computed based on the relationship that the average daily membership of children in special education classes bears to the district's total average daily membership.
- 2) The cost of buildings and facilities shall not exceed 10% of the expenditures for classes.
- 3) All payments authorized by law, including State or federal grants for the education of children, shall be deducted when program reimbursement or per capita tuition is calculated.
- 4) The total reimbursement for a child who is living in a residential care facility and who has been placed in a nonpublic special education program by the responsible district shall not exceed the amount authorized under Section 14-7.02 of the School Code.

- e) Eligibility of Students for Funding Under Section 14-7.03 of the School Code

- 1) A student who meets the requirements of Section 14-1.11a(5) of the School Code [105 ILCS 5/14-1.11a(5)] is eligible for reimbursement under Section 14-7.03 of the School Code if he or she:

- 2) A student who has been declared eligible for special education and related services pursuant to this Part and is living in a State residential unit or county-operated detention center is eligible for reimbursement under Section 14-7.03 of the School Code.
